 - (B) reading, writing, speaking, and comprehension skills in English; and
 - (C) mathematics skills; and
 - (D) acquiring an understanding of the American system of Government, individual freedom, and the responsibilities of citizenship (WIOA Section 202).

Learners are not eligible for Title II, Section 243 services if they are enrolled in a public or private K-12 program, this includes public or private regular high schools, charter schools, and other alternative high school programs.

2. Learners who are enrolled in postsecondary institutions are eligible for Title II, Section 243 services if they meet the following conditions:
 - 1) are not concurrently enrolled in a K-12 program;
 - 2) are not enrolled based on a F-1 or J-1 visa (*state requirement*); and
 - 3) lacks sufficient mastery of basic educational skills to enable the learner to function effectively in society, including professionals with degrees and credentials in their native countries, demonstrated by a score of ESL in at least one state approved eligible content area. (*state requirement*)
3. Integrated English Literacy and Civics Education (IELCE) program, as defined in WIOA Section 243 is designed to:
 - 1) prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and
 - 2) integrate with the local workforce development system and its functions to carry out the activities of the program.

Language and literacy objectives must be provided in combination with Integrated Education and

Training (IET). The IET model combines workforce preparation activities and workforce training with literacy activities to increase a participant’s educational and career advancement.

The IET delivery model requires simultaneous, not sequential, instruction. Students are concurrently enrolled in both an English Language Acquisition (ELA) course and career and technical education (CTE) course. IET uses a team teaching approach to deliver the curriculum in one or both of the following teaching models:

- a. **Co-Teaching:** A CTE instructor and an ELA instructor provide instruction in the **same classroom** to participants that are enrolled in **both** courses.
- b. **Alternating Teaching:** A CTE instructor and an ELA instructor provide instruction in **two different classrooms** to participants that attend two coordinated courses at different times.

Note: For eligible providers to receive funds under WIOA Section 243 IELCE, participants must have the opportunity to be co-enrolled in both an ELA program (that must include civics education) and a workforce training program. Eligible IELCE individuals may be co-enrolled in one or more of the following:

- a workforce training program offered through the America’s Job Center (AJC);
- a CTE program;
- a series of courses within a career pathway offered by one or more providers designed to lead to employment; or
- working directly with an employer through apprenticeship, pre-apprenticeship, or on the job training.

B. Workforce Innovation & Opportunity Act, Considerations:

In delivering **comprehensive integrated English literacy and civics education programs**, eligible providers will be required to serve ALL six English as a Second Language educational functioning levels, based on identified needs of the region. Providers must also prepare English Language Learners (ELL) for and support them in achieving successful transition to postsecondary education and training or employment. As well as meeting the requirements of WIOA Section 231(e).

1. Be responsive to—
 - a. Regional needs as identified in the local plan under WIOA Section 108; and
 - b. Serving individuals in the community who were identified in such plan as most in need of adult education and literacy activities, including individuals—
 - i. Who have low levels of literacy skills; or
 - ii. Who are English language learners;
2. Serve eligible individuals with disabilities, including eligible individuals with learning disabilities;
3. Demonstrate past effectiveness in improving the literacy of eligible individuals to meet State-adjusted levels of performance for the primary indicators of performance described in Section 116 of WIOA, especially with respect to eligible individuals who have low levels of literacy;
4. Align proposed activities and services to the strategy and goals of the local plan under Section 108 of WIOA, as well as with the activities and services of the one-stop partners;
5. Demonstrate that the program—

- a. is of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and
 - b. uses instructional practices that include the essential components of reading instruction;
6. In accordance with the [2016-2020 Unified State Plan](#), instruction in reading, writing, speaking, mathematics, and English language acquisition should be aligned with the state-adopted English Language Proficiency Standards, Career and College Readiness Standards and 21st Century Skills based on the most rigorous research available and appropriate, including scientifically valid research and effective educational practice;
 7. Deliver activities that effectively use technology, services, and delivery systems, including distance education in a manner sufficient to increase the amount and quality of learning and how such technology, services and systems lead to improved performance;
 8. Deliver activities that provide learning in context, including through integrated education and training, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship;
 9. Ensure that activities are delivered by well-trained instructors, counselors, and administrators who meet the minimum state qualifications and certifications, where applicable, and who have access to high quality professional development, including through electronic means;
 10. Coordinate activities with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, local workforce investment boards, one-stop centers, job training programs, and social service agencies, business, industry, labor organizations, community-based organizations, nonprofit organizations, and intermediaries, for the development of career pathways;
 11. Provide activities that offer flexible schedules and coordination with Federal, State, and local support services (such as child care, transportation, mental health services, and career planning) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs;
 12. Maintain high-quality, accurate data of measurable participant outcomes (consistent with Section 116 of WIOA) in the state adult education managed information system and monitor program performance to demonstrate the ability to meet the goals outlined here through a variety of data sources, including academic assessment scores, attendance, and activity; and
 13. Deliver additional English language acquisition programs and civics education programs if the local areas where eligible provider is located has a demonstrated need.

C. Allowable Expenditures

Those costs that are necessary, reasonable and allocable as permitted by EDGAR, Uniform Grant Guidance, and permitted by WIOA Title II, WIOA Title II Rule and Joint Rule are allowable. Funding must be used to support the development, planning, and operation of comprehensive adult education and literacy activities to eligible individuals in the proposed service delivery area. *(state requirement)*

Examples of allowable expenditures include, but are not limited to, the following:

1. **Administration Costs.** There is a 5 percent limit on administrative costs. This includes the administrator's salary and benefits, operational costs indirect costs, and the infrastructure funding agreement costs. Remember, the administrative costs also include the data entry specialist and clerical support's time based on administrative function. The 5 percent cap for administrative costs

include any and all administrative costs from the other agencies in the partnership/consortium as well as any indirect costs (e.g. rent and utilities, accounting expenses, expenses shared by other parts of the program). Special Rule for Local Administration Costs Limits (refer to WIOA Section 233)— In cases where the cost limits described in subsection (a) are too restrictive to allow for the activities described in subsection (a)(s), the eligible provider shall negotiate with the eligible agency in order to determine an adequate level of funds to be used for administrative purposes.

2. **Salary and Benefits.** Full- and part-time personnel, necessary for program activities and providing direct services to reportable individuals, including career services, instruction orientation, advising, and other activities.
3. **Instructional Materials.** Purchase of standards-aligned curriculum materials, including educational and instructional software. Equipment necessary for and used in AEFLA programming by instructors and learners. This does not include general purpose equipment, such as furniture. Any equipment purchased with AEFLA funds should be labeled and inventoried. (*state requirement*)
4. **Assessments.** State approved (CASAS, TABE) used for determining if a reportable individual is eligible for services. (*state requirement*)
5. **Professional Development Activities.** This includes the registration and travel related to all local and state sponsored activities to attend and participate in professional development activities (*state requirement*). All other registration and travel must be included in administrative costs as federally defined.

D. Unallowable Expenditures

Examples of unallowable expenditures include, but are not limited to, the following:

1. Capital improvements which add permanent value
2. General purpose equipment (e. g. furniture, microwaves, air conditioning, appliances)
3. Incentives of non-educational value
4. Food-related expenses*
5. Scholarships and student aid costs
6. Lobbying
7. Gifts for instructors or students
8. Entertainment
9. Graduation expenses
10. Travel for anything other than approved adult education business
11. Life insurance, dental insurance and other benefits other than those listed as allowable above
12. Expenses for anyone other than adult education staff

* Expenses related to the purchase of food must follow the guidance provided in **Appendix N**.

E. Fiscal Management

Federal statute authorizes the Department, as the state fiscal agent, to ensure grantee compliance with all WIOA, Title II: AEFLA fiscal and legal requirements.

1. **DUNS Number** - The Department requires that all applicants for Federal grants have a Dun and Bradstreet Data Universal Numbering System (DUNS) number, and that the registration be renewed annually (*state requirement*). A currently registered DUNS number is required in order to submit a grant application, and also in order to submit a reimbursement request for payment of any grant funds.
 - To obtain a DUNS number, go to <http://fedgov.dnb.com/webform/>
2. **Supplement Not Supplant** - Funds for this program must be used to supplement (increase the level of services) and not supplant (replace) funds from non-federal sources:

- Any program activity required by state law, State Administrative rules, or local board policy may not be paid with WIOA, Title II: AEFLA funds.
- State or local funds may not be decreased or diverted for other uses merely because of the availability of WIOA, Title II: AEFLA funds.
- Grantees must maintain documentation that clearly demonstrates the supplementary nature of WIOA, Title II: AEFLA funds.

3. Administrative Costs (Direct and/or Indirect) - Administrative costs are those charges to the program that are not directly related or can be allocated to the instructional costs of the program. Direct charges are those that can be fully attributed to a person or service whereas indirect costs are costs that can be rationally attributed to the running of a program but cannot be reasonably assigned a direct cost. Additionally, for indirect costs, if a cost benefits two or more projects or activities, the cost should be allocated to the projects based on the proportional benefit. If a cost benefits two or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, the costs may be allocated on any reasonable documented basis. For further guidance, refer to the Uniform Guidance (2 CFR 200.405(c) and (d)). In cases where the administrative cap is too restrictive to allow for the activities described, the eligible provider shall negotiate with the eligible agency at the time of application or annually thereafter to determine an adequate level of funds to be used for administrative purposes by submitting **Appendix O: Administrative Cost Justification Form**.

As described in the Uniform Guidance 2 CFR Section 200.403 *Factors Affecting Allowability of Costs*, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. For end-of-year financial reporting, it is important to be able to separate the indirect costs from the direct costs (*state requirement*).

4. Instructional Costs -The Department and the federal government expect grant recipients to expend 95 percent of the grant award for adult education instructional and/or support activities.

The grant recipient should contact the Department about any questionable expenditure. In the event that a claim for reimbursement contains these or other unallowable items, the applicant will be contacted with the intent to bring the claim into compliance.

Time and Effort Reporting

The Uniform Guidance (2 CFR Section 200.430) requires that time distribution records must be maintained for all employees whose salary is paid in whole or in part with federal funds or is used to meet a match or cost share requirement for a grant. Effort reporting is a federal compliance requirement and is almost always requested and reviewed by federal auditors when grants are under review.

Effort is a reasonable estimate of time worked on a grant but is not based on a standard 40 hour work week. Even where the number of hours of effort the individual expends each week substantially exceeds the “normal” workweek of 40 hours, effort percentages must be based on total effort, not hours. The effort report form must account for all effort for which the eligible provider compensates the individual and total 100 percent. Effort does not include outside activities such as external consulting. The effort report must reflect an "after-the-fact" distribution of actual activities and must

be signed and dated by the employee. (*state requirement*)

5. **Maintenance of Effort** -Maintenance of Effort (MOE) is the aggregate expenditures based on state and/or local non-federal expenditures for adult education and literacy activities. All providers must report to the Department the non-federal contribution used to meet the MOE requirement. The non-federal contribution can be cash or in-kind, fairly valued, and must include only non-federal funds used for adult education and literacy activities consistent with the WIOA, Title II: AEFLA. (*state requirement*)
6. **Required Match** - All eligible providers must provide at least a 1:1 match of their grant award in non-federal funds. The non-federal match may be in the form of state funds allotted for programs within the WIOA, Title II: AEFLA, cash, and/or in-kind contributions. The Department will review that matching funds are allowable under WIOA and Uniform Guidance. (*state requirement*)
Amounts reported for acceptable matching include the following:
 - must be properly documented and verifiable from recipient records (recorded in the general ledger);
 - must be necessary and reasonable to accomplish program objectives;
 - must be allowable under the applicable cost principles;
 - must not be included as contribution for other federally assisted programs; and
 - must have the value supported by appropriate documentation of fair market value.
7. **Program Fees** - Eligible providers that charge tuition or other fees for participation in AEFLA-funded services will submit an agency policy governing the collection, accounting, and use of tuition and other fees. All fees collected must benefit the AEFLA program and provide additional adult education and literacy services that the program would otherwise be unable to provide. Fees cannot be commingled with other funds to purchase non-AEFLA related items or provide non-AEFLA services. Such fees, if not refunded through the course of the program year, are regarded as program income in the Uniform Guidance (2 CFR Section 200.307). (*state requirement*)

The policy will include the following:

- details on how the fee is reasonable and necessary – fee structure that identifies the client (e.g., enrolled participant, employer/business), type(s) of fee, fee rate and fee schedule;
 - details on how the fee is equitably administered and not reaching levels that have an adverse effect on the participation of economically disadvantage participants;
 - description of how the program will account for this income separately from other non-AEFLA related income; and
 - a budget indicating the income collected and expenditures for costs allowable under AEFLA at the end of the program year with no carryover funds.
8. **Budget and Expenditure Claim Report** - Eligible providers will enter expended amounts into appropriate categories for reimbursement. Each claim for reimbursement must be supported by adequate documentation (*state requirement*).

The list below describes the information the supporting documentation must provide:

- For purchases, name of the vendor, date of purchase, and amount of expense must accompany

all requests for reimbursement or payment.

- For salaries and wages, the name of the person paid, the person's job classification, the amount paid, and the time period paid for.
- For travel reimbursement, a description of what the expense was for, who it was for, and the amount.
- For any other payments, the information provided needs to describe where the money went, what it was for, and when it was spent.
- For professional development, documentation must include evidence that the activity occurred, and be tied back to the plan submitted in the grant application. Evidence could include the agenda of the meetings, and/or sign in sheets. Information should include the what, where, how, and who for implementation. Documentation for uses of food must include rationale as described in **Appendix N**. For example, was this a working lunch/meal; did this allow for Q/A time with a national presenter; explain why funds were necessary, as opposed to a brown-bag event or allowing time off-site to eat and return.
- Please note that pursuant to the Uniform Guidance (2 CFR 200.415) upon submitting each reimbursement request, the grantee is required to certify the following:
“By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).”

All amendments are processed and approved by the Department before claims are approved. (*state requirement*)

- Moving funds within the same budget to a different object code is allowed (e.g. 301 Data Processing to 101 Personnel Services). Moving funds to a different budget is not allowed. Multiple changes to line items may be submitted in one amendment.
- Provide a rationale on lowgrants clearly and succinctly explaining how the changes are reasonable, necessary, allocable and allowable with a revised budget.

9. Budget Object Codes - All budget items must fall within the 100 through 600 Object Code categories in accordance with the standard state object codes (see **Appendix M**).

101 Personnel Services (Salaries and Wages)

202 In State Travel (Meals, Lodging, and Registration)

205 Out of State Travel (Meals, Lodging and Registration)

301 Office Supplies and Materials (Curriculum and Training Materials)

405 Professional Development Contracts (Fees, Travel Expenses, Training Materials)

406 Contracts (Funds paid for services or pass through to other providers/partners)

505 Data Processing Non Inventory (Desktop Software License fees)

602 Other Expenses & Obligations

10. Carryover of Funds - Any funds not obligated and expended during the period for which they were awarded becomes carryover funds. Carryover funds may be reallocated to budget categories other than those categories specified in the original application, providing the funds are expended on approved activities in accordance with program guidelines in effect during the carryover period. The carryover period is June 30 to December 31 of the subsequent funding year and are expended consistent with FIFO accounting principles (First In, First Out) (*state requirement*). If the carryover funds are not expended by the grantee by the end of the carryover project period, the unused carryover funds must be released. As specified in section 412(b)(2) of GEPA and §76.710 of EDGAR, any such carryover funds must be obligated and expended in accordance with the Federal statutes and regulations and as described in the local plan application as applicable to the program and are in effect for the carryover period. ***In the event of a competition year or Sunset of grant funding, all carryover funds must be expended by September 30 to meet federal obligations and closeout deadlines (state requirement).***

11. Equipment Inventory and Disposition - The eligible provider must maintain a specific inventory of any item purchased with federal grant funds until transfer, replacement, or disposition takes place. The provider that cannot produce a piece of equipment purchased with federal funds during an audit review risks an audit finding, even if the purchase was allowable under the relevant federal grant program (*state requirement*). This inventory must, at a minimum, include the following information, as set forth in the Uniform Guidance (2 CFR 200.313(d)):

- Acquisition date, cost (including funding source), and brief description of the item/property;
- Serial number, model number, or other identification number (bar code or local identifying number);
- Records showing maintenance procedures to keep item/property in good condition;
- Percentage of cost share, if applicable;
- Location, use, and condition of the item/property, and date information was reported; and
- All pertinent information on the ultimate transfer, replacement or disposition (including date of disposal and the sale of the item/property, if applicable) when the item/property is retired from service.

A physical inventory of equipment item/property must be taken and the results reconciled with the inventory property records at least once every two (2) years to: 1) confirm the equipment item/property was found at the location indicated; 2) assess condition of the equipment item/property; and 3) verify equipment item/property is located in a secure environment that can be locked when not in use.

An inventory control system and records showing maintenance procedures must be developed and implemented to ensure adequate safeguards to prevent loss, damage or theft of the item/property. Any loss, damage, or theft must be investigated and fully documented by local law enforcement officials. This specific inventory information must be updated as equipment item/property is purged or new purchases are made.

Disposition of equipment acquired with federal grant funds, but that is no longer needed for the original project or program or for other activities currently or previously supported by federal funds, must be in accordance with the grant requirements. In the absence of specific instructions of the federal grant, equipment valued at \$5,000 or less may be retained, sold or otherwise disposed of with no further federal obligation. Please refer to the Uniform Guidance (2 CFR 200.313(e)).

12. Final Expenditure Reports (FERs) - Pursuant to the Uniform Guidance (2 CFR 200.343), IDOE is responsible to ensure that all federal grants are closed out with a timely annual final reporting of grant program expenditures for the approved program objectives and activities. The FERs are available to Eligible Providers to complete in Iowagrants on or about September. FERs must be completed and submitted to IDOE no later than October 15th (*state requirement*). The final expenditure report for each grantee must provide the budget expenditures, match requirement, program fees, sub-grantee details as well as specific budget expenditures.

F. Facilities for the Program

The Eligible Provider shall provide suitable ADA compliant space conducive to adult learning for the local literacy program. The facility shall include office space(s), adequate classrooms for instruction and separate space for orientation and testing. The learning environment should be in good condition and properly maintained (*state requirement*).

G. Responsiveness to Technical Assistance and Monitoring

It is the legal and fiduciary responsibility of the Department to provide technical assistance and compliance monitoring of the WIOA, Title II: IELCE grant. Eligible Providers are expected to be responsive to the Department's technical assistance efforts, which may include meetings, workshops, and trainings. As recommendations arise from technical assistance, Eligible Providers are expected to implement, follow through and communicate in a timely manner.

As indicated, the Department will be conducting compliance monitoring of all implementation activities. The compliance monitoring includes but is not limited to, fiscal budgets and expenditures, programmatic outcomes, partnerships, data security and integrity, and operational effectiveness. A [risk assessment tool](#) will be used to evaluate risk factors identified by 2 CFR § 200.331 and WIOA. Monitoring takes place on-site and/or virtually. (*state requirement*)

H. Corrective Actions and Sanctions

When findings arise, the Department will implement a series of corrective actions. This may include further technical assistance or training to help agencies achieve the stated objectives. If the actions do not result in grantee compliance, the Department may need to conduct audits and impose appropriate sanctions. The federal guidelines for sanctions are defined in the Office of Management and Budget's [Uniform Guidance](#). (*state requirement*)

Actions may include the following (2 CFR 200.338):

- Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.
- Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- Wholly or partly suspend or terminate the Federal award.
- Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a Federal awarding agency).
- Withhold further Federal awards for the project or program.
- Take other remedies that may be legally available.

I. Data Privacy Requirements

All Eligible Providers must comply with the [Family Educational Rights and Privacy Act](#) (FERPA) (20 U.S.C. 1232g), a federal privacy law administered by the U.S. Department of Education. FERPA and

its implementing regulations (34 Code of Federal Regulations [CFR] part 99) protect the privacy of enrolled participants' education records and afford parents and eligible individuals certain rights to inspect and review education records, to seek to amend these records, and to consent to the disclosure of personal identifiable information (PII) from education records. The general rule under FERPA is that PII from education records cannot be disclosed without written consent. (*state requirement*)

Individuals applying for or receiving services must be informed, in writing, that their personal and confidential information:

- will be shared only among the WIOA core program partner staff and subcontractors;
- will be used only for the purpose of conducting an employment data match and that further disclosure of personal confidential information or records is prohibited; and
- will not be shared among WIOA core partners if the individual declines to share personal confidential information or records and that declining to share will not impact eligibility for services.

J. Program Accountability

To meet federal and state accountability requirements, the Department requires that eligible providers must agree to implement the following accountability practices:

1. All staff of funded programs are expected to adhere to the Department's policies and procedures posted on the website, <https://educateiowa.gov/adult-career-and-community-college/adult-education-and-literacy>
2. The state accountability system, TopsEnterprise (TE) is Iowa's web-based online reporting tool for NRS reporting. Local providers are responsible for allocating sufficient resources to collect NRS measures and enter data into TE. Programs are required to meet all elements for data collection, entry, verification, and accountability. The TE system is free of charge to providers. All grantees will be responsible for using TE as the data management system at the local level by following the current data dictionary, the state approved assessment policy guidelines and attending the data specialist trainings.
3. The Department's Adult Education and Literacy has adopted and implemented standards-based instruction, focusing on English Language Proficiency Standards to promote the quality of adult education and literacy outcomes to prepare learners for success in adult education, postsecondary education, and employment. All grantees are required to adopt and align instruction to the [CCRs](#), the [English Language Proficiency \(ELP\) Standards](#), [Iowa's 21st Century Skills](#), and [Adult Citizenship Standards](#).
4. The purpose of professional development (PD) is to raise the level of expertise of adult educators through learning opportunities. Program directors shall ensure the program's compliance with the PD requirements set forth by Iowa's Professional Development Standards and Administrative Rules, Chapter 23 – Adult Education and Literacy Programs.
5. The Department has high expectations of practitioner performance. Eligible providers will ensure services are delivered by knowledgeable, well-trained staff by using the standards identified in the [Instructor Standards](#), a framework of what Iowa's ESL instructors should know and be able to do to perform their jobs.

K. WIOA Performance Accountability

In order to measure the effectiveness of state and local areas, WIOA performance accountability measures apply across the core programs. The Iowa's Adult Education and Literacy levels of performance are negotiated with the U.S. Department of Education, Office of Career Technical and Adult Education (OCTAE) to establish minimum levels for each fiscal year. The goal is for each local program to meet or exceed projected performance levels including:

- Measurable Skill Gains
 - Educational Functioning Level Gain;
 - Carnegie Unit;
 - Secondary diploma or equivalent
- Credential attainment
- Employment rate – second and fourth quarter
- Median earnings
- Effectiveness in serving employers

PART IV PROPOSAL SUBMISSION REQUIREMENTS

This section contains instructions for Applicants to use in preparing their proposals. The Applicant's proposal must follow instructions provided in Iowagrants to complete the application. Each form in the application contains instructions describing the intent and content to be included.

According to 2018 census information, there are approximately 2,420,763 individuals that make up the total adult population in Iowa (18 and older). Of this total, approximately 93,111 (1.6 percent) identified as "speaking English less than very well." Every year, Iowa adult education enrolls nearly 6,000 adults in an ESL program where they can learn English, develop vocational skills, and continue their academic pursuits to achieve additional credentials that may be needed for reaching their educational or employment goals.

The Department, and its evaluation team for this RFP, has sole discretion to determine whether a variance from the RFP specifications should result in either disqualification or reduction in scoring of a proposal. Rephrasing of the content provided in this RFP will, at best, be considered minimally responsive. The Department seeks detailed yet succinct responses that demonstrate the Applicant's experience and ability to perform the requirements specified throughout this document. The Department is also seeking an Applicant that can demonstrate collaboration and innovation by rethinking integrated English literacy and civics education in Iowa. Responses will score well that can demonstrate how:

- adults learn anytime, anywhere, at their own pace and can earn credentials faster;
- access and inclusion in integrated education and training programs is the rule, not the exception;
- opportunities for English language learners is not too limited to prepare them for successful careers; and
- employers are playing a larger role in educating low-skilled adults.

A. Proposal Format (*state requirement*)

1. The Applicant is asked to be brief and concise in responding to the RFP questions and instructions. **Each narrative response is limited to 5,000 characters (approximately 500 to 1,000 words).** The system does not allow for special formatting or fonts.
2. All attached documents should be formatted for printing, as formatting will not be adjusted prior to printing and reviewing these documents. Each Attachment must reference the section or subsection number to which it corresponds and PDF is preferred.
3. The Applicant may not provide additional attachments beyond those specified in the RFP for the purpose of extending their response. Additional materials not requested will not be considered part of the proposal and will not be evaluated.

 - a) **Program Design and Leadership** – Program serves the adult education needs of the community. Program leader provides vision, direction, resources, evaluation and support for all program operations and staff that is effective and equitable in the provision of adult teaching and learning.
 - b) **Curriculum, Instruction and Professional Development** – Curriculum development and instruction meets learners' needs and learning styles, is embedded in real-life contexts while anchored in standards. The program provides opportunities for all instructors to participate in on-going professional development with support in

integrating new evidence-based strategies into instruction through practice, feedback, reflection, and observation to improve instructional practice.

- c) **Learner Progress** – Program provides an interactive intake procedure with information presented using adult education principles and is accessible to ALL learners. Informal and formal assessment and collaborative goal development are used to gauge learner progress, guide instruction, advising and other services that support a “successful” transition and demonstrate gains in abilities.
 - d) **Accountability** – Program implements processes for fiscal and data management that ensures accuracy in reports, validity, reliability, privacy and security. Sufficient resources and training is allocated to implement the processes for financial and data management with clearly defined procedures and the ability to monitor program efficiency and effectiveness.
 - e) **Community Interaction and Outreach** – Program establishes a visible and valued presence in the community through outreach and local partnerships. Program recruits and coordinates with partners and local resources to ensure the continuation of services to adult learners in the community.
 - f) **One-Stop System Integration** – Program addresses design principles that support the alignment of core and required WIOA partners to ensure seamless integrated services that are accessible to all jobseekers, workers and businesses through unified strategic planning and shared governance.

If more than one board is located within an adult education service area, the application will be reviewed by all relative boards in the region.  - 1.1.1. A subject matter expert in adult education and literacy;
 - 1.1.2. Not a local eligible provider; and
 - 1.1.3. A cross-section of eligible provider types.
2. Officials responsible for making decisions on the selection of a contractor shall ensure that the selection process accords equal opportunity and appropriate consideration to all who are capable of meeting the specifications through pre-award monitoring. The goals of the evaluation process are to ensure fairness and objectivity in review of the proposals and to ensure that the contract is awarded to the Applicant whose proposal provides the best value to the State of Iowa and who is capable of providing services.
3. The Department reserves the right to communicate and/or schedule interviews/presentations with Applicants if needed to obtain clarification of information contained in the proposals received, and the Department may revise the scores assigned in the initial evaluation to reflect those communications and/or interviews/presentations. Interviews/presentations are not required, and changes to proposals will not be permitted during any interview/presentation process. Therefore, Applicants should submit proposals that present their application as clearly and completely as possible.

3. **Scoring the Proposed Project:** The review team will use a consensus approach to evaluate the Proposed Project. The factors below described in WIOA Section 231(e) are federal requirements that must be considered to evaluate applications and determine funding decisions.
 - a. **Federal Consideration 1:** The degree to which the eligible provider would be responsive to:

 - e. **Federal Consideration 5:** Whether the eligible provider's program is: 1) of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and 2) used instructional practices that include the essential components of reading instruction;
 - f. **Federal Consideration 6:** Whether the eligible provider's activities, including whether reading, writing, speaking, mathematics, and English language acquisition instruction delivered by the eligible provider, are based on the best practices derived from the most rigorous research available and appropriate, including scientifically valid research and effective educational practice;
 - g. **Federal Consideration 7:** Whether the eligible provider's activities effectively use technology, services, and delivery systems, including distance education in a manner sufficient to increase the amount and quality of learning and how such technology services, and systems lead to improved performance;
 - h. **Federal Consideration 8:** Whether the eligible provider's activities provide learning in context, including through integrated education and training, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship;

have a demonstrated need for additional English language acquisition programs and civics education programs.

4. **Scoring the Cost Proposal:** Budget narratives and forms are considered the “cost” portion of the proposal. The review team will consider the degree to which the project represents a *good return for the investment* (money, time) as well as whether the project work and cost estimates (tasks and budget) are reasonable for the expected outcomes, along with the amount and quality of proposed matching funds or services.
5. **Negotiations:** The Department reserves the right to negotiate with the successful Applicant(s) to finalize a contract at the same rate or cost of service as presented in the selected proposal. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the Department’s Request for Proposals to an extent that may affect the price of goods or services requested. The Department reserves the right to terminate contract negotiations with a selected Applicant(s) who submits a proposed contract significantly different from the proposal they submitted in response to the advertised RFP. In the event that an acceptable contract cannot be negotiated with the highest ranked Applicant, the Department may withdraw its award and negotiate with the next-highest ranked Applicant, and so on, until an acceptable contract has been finalized. Alternatively, the Department may cancel the RFP, at its sole discretion.

E. Selection and Award

2. Notification of contractor selection or non-selection will be made in writing by the Department.

Code	Description
101	<p>Personnel Services—Salaries and Wages. Amounts paid to both permanent and temporary employees, including personnel substituting for those in permanent positions. This includes gross salary for personal services rendered while on the payroll as well as the amounts paid on behalf of employees (amounts not included in gross salary but in addition to that amount). Such payments are fringe benefit payments and, although not paid directly to employees, nevertheless are part of the cost of personal services. If administrative costs can be directly billed for personnel use this budget code</p>
202	<p>In State Travel (Meals, Lodging and Registration). Expenditures for transportation, meals, hotel, and other expenditure/expenses associated with AEL staff travel within the state. Payments are for actual expenses not for per diem. Reimbursement of mileage is at the state rate of \$0.39.</p>
205	<p>Out of State Travel (Meals, Lodging and Registration). Expenditures for transportation, meals, hotel, and other expenditure/expenses associated with AEL staff travel outside of Iowa. Payments are for actual expenses not for per diem.</p>

Expenditures for printing, copying and binding, usually according to specifications of the school district. All expenditures should be captured in this account regardless of the type or intent of the training course or professional development activity.</p>

FAQ TO USE FEDERAL FUNDS FOR
CONFERENCES AND MEETINGS
RFP# 340574
FY21-25 Competitive Grant Application for
Adult Education and Family Literacy Act (AEFLA)
(WIOA, Sec. 243)

1. May Federal grant funds be used to host a meeting or conference?

Yes. Federal grant funds may be used to host a meeting or conference if doing so is:

- a. Consistent with its approved application or plan;
- b. For purposes that are directly relevant to the program and the operation of the grant, such as for conveying technical information related to the objectives of the grant; and
- c. Reasonable and necessary to achieve the goals and objectives of the approved grant.

2. What factors should a grantee consider when deciding whether to host a meeting or conference?

Grantees should consider whether a face-to-face meeting or conference is the most effective or efficient way to achieve the desired result and whether there are alternatives, such as webinars or video conferences, that would be equally or similarly effective and more efficient in terms of time and costs than a face-to-face meeting. In addition, grantees should consider how the meeting or conference will be perceived by the public; for example, will the meeting or conference be perceived as a good use of taxpayer dollars?

3. May a grantee use Federal grant funds to pay for food, beverages, or snacks?

Generally, there is a very high burden of proof to show that paying for food and beverages with Federal funds is necessary to meet the goals and objectives of a Federal grant. When a grantee is hosting a meeting, the grantee should structure the agenda for the meeting so that there is time for participants to purchase their own food, beverages, and snacks. In addition, when planning a meeting, grantees may want to consider a location in which participants have easy access to food and beverages.

While these determinations will be made on a case-by-case basis, and there may be some circumstances where the cost would be permissible, it is likely that those circumstances will be rare. Grantees, therefore, will have to make a compelling case that the unique circumstances they have identified would justify these costs as reasonable and necessary.

4. May indirect cost funds be used to pay for food and beverages?

The cost of food and beverages, because they are easily associated with a specific cost objective are properly treated as direct costs, rather than indirect costs. As noted above, Federal grant funds cannot be used to pay for food and beverages unless doing so is reasonable and necessary.

5. May a grantee use non-Federal resources (e.g., State or local resources) to pay for food or beverages at a meeting or conference that is being held to meet the goals and objectives of its grant?

Grantees should follow their own policies and procedures and State and local law for using non-Federal resources to pay for food or beverages, including its policies and procedures for accepting gifts or in-kind contributions from third parties. However, if non-Federal funds are used to pay for food at a grantee-sponsored meeting or conference, the grantee should make clear through a written disclaimer or announcement (e.g., a note on the agenda for the meeting) that Federal grant funds were not used to pay for the cost of the food or beverages. Grantees should also be sure that any food and beverages provided with non-Federal funds are appropriate for the grantee event, and do not detract from the event's purpose.

6. May grantees provide meeting participants with the option of paying for food and beverages (e.g., could a grantee have boxed lunches provided at cost for participants)?

Yes. Grantees may offer meeting participants the option of paying for food (such as lunch, breakfast, or snacks) and

APPENDIX N

beverages, and arrange for these items to be available at the meeting.

7. May grantees use Federal grant funds to pay for the cost of attending a meeting or conference?

If attending a meeting or conference is necessary to achieve the goals and objectives of the grant, and if the expenses are reasonable (based on the grantee's own policies and procedures, and State and local laws), Federal grant funds may be used to pay for travel expenses of grantee employees, consultants, or experts to attend a meeting or conference. To determine whether a meeting or conference is "necessary," grantees should consider whether the goals and objectives of the grant can be achieved without the meeting or conference and whether there is an equally effective and more efficient way (in terms of time and money) to achieve the goals and objectives of the grant.

8. What are the consequences of using Federal grant funds on unallowable expenses?

IDOE will not reimburse expenses that are deemed unallowable. If it is discovered through an audit or through program monitoring, as having been used for unallowable costs, including unallowable conference expenses, IDOE may seek to recover any Federal grant funds identified.

ADMINISTRATIVE COST JUSTIFICATION FORM

NEGOTIATION REQUEST

RFP# 340574

FY21-25 Competitive Grant Application for
Adult Education and Family Literacy Act (AEFLA)
(WIOA, Sec. 243)

Organization Name:	
---------------------------	--

Total Administrative Percentage Requested: _____

As defined by AEFLA and EDGAR 34 Part 463, Subpart C (§463.25, §463.26), **not less** than 95 percent of funds must be spent on adult education direct services and literacy activities and **not more** than 5 percent of funds may be spent on administrative costs. Please note, that in cases where the cost limits are too restrictive to allow for the activities described in subsection (a)(s), the eligible provider shall negotiate with the eligible agency in order to determine an adequate level of funds to be used for described in subsection (a) administrative purposes, through the following method:

1. AEFLA defines administrative costs as allowable costs related to the planning and administration of the grant, including: carrying out performance accountability requirements, professional development, providing adult education and literacy services in alignment with local workforce plans, carrying out one-stop partner responsibilities, and any state approved indirect costs charged to the grant.
2. Iowa’s AEL can only approve administrative salaries that directly support the grant. Administrators who provide direct student services need to account for those hours as instructional expenses. All hours must be accounted for through time and effort reporting. The administrative costs for sub-grantees must also be included as part of the total administrative cost.
3. WIOA Section 233 states that professional development (PD) expenses are administrative expenses and part of the 5 percent cap. The Department has further defined administrative PD expenses to include non-Iowa AEL registration fees and travel expenses, including out of state travel. The PY21-25 budget form includes a section to identify these PD expenses as administrative costs. Please note that the Department defines Iowa’s local and state AEL training of direct service staff as instructional expenses.
4. Programs may negotiate on an individual basis to determine an adequate level of funds for administrative costs by submitting the Administrative Cost Justification Form with their Application. The Department will not grant administrative cost requests that exceed 15 percent. Programs requesting to spend more than 5 percent of their grants on administrative costs must apply anew each year.

Instructions to Initiate the Negotiations Process:

1. Complete and submit this form with your Application materials.
2. Submit a copy of your flexible schedule and budget:

Administrative Cost Budget: including all of the proposed budget line items identified as administrative cost.

APPENDIX O

- Salaries --- include position descriptions with all functions and job responsibilities performed and the percent of time dedicated to each job function and/or responsibility.

Direct Services Budget: including all ‘other’ non-administrative proposed cost budget line items.

Note: It is at the discretion of the Department to determine the appropriate administrative cost percentage on a case-by-case basis.

Justification:

In the shaded space below, provide a written narrative to justify this request for administrative costs greater than 5percent of the grant award amount. Include specific references to explain each of the following:

- why an amount greater than 5percent is requested;
- ways your application could be hindered in accomplishing the project goals and objectives if only 5% of the administrative costs are allowed in the grant.

WIOA PERFORMANCE MEASURES
RFP# 340574
FY21-25 Competitive Grant Application for
Adult Education and Family Literacy Act (AEFLA)
(WIOA, Sec. 243)

Accountability and reporting for Iowa’s adult education and literacy funding addresses two sets of reporting criteria. One set represents the federal accountability measures, identified in Section 116 of the Workforce Innovation and Opportunity Act (WIOA) as the “[primary indicators of performance.](#)” The other represents state reporting criteria, which are focused primarily on state priorities such as industry-recognized and high school equivalency credential attainment. Both criteria are described below.

Under section 116(b)(2)(A) of WIOA, there are six primary indicators of performance:

- (A) Employment Rate – 2nd Quarter After Exit: The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program (for title I Youth, the indicator is the percentage of participants in education or training activities, or in unsubsidized employment during the second quarter after exit);
- (B) Employment Rate – 4th Quarter After Exit: The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program (for title I Youth, the indicator is the percentage of participants in education or training activities, or in unsubsidized employment during the fourth quarter after exit);
- (C) Median Earnings – 2nd Quarter After Exit: The median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program;
- (D) Credential Attainment: The percentage of those participants enrolled in an education or training program (excluding those in on-the-job training (OJT) and customized training) who attain a recognized postsecondary credential or a secondary school diploma, or its recognized equivalent, during participation in or within one year after exit from the program. A participant who has attained a secondary school diploma or its recognized equivalent is included in the percentage of participants who have attained a secondary school diploma or its recognized equivalent only if the participant also is employed or is enrolled in an education or training program leading to a recognized postsecondary credential within one year after exit from the program;
- (E) Measurable Skill Gains: The percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment. Depending on the type of education or training program, documented progress is defined as one of the following for Title II programs:
 - (a) Documented achievement of at least one educational functioning level of a participant who is receiving instruction below the postsecondary education level;
 - (b) Documented attainment of a secondary school diploma or its recognized equivalent;
- (F) Effectiveness in Serving Employers: WIOA Section 116(b)(2)(A)(i)(VI) requires the Departments to establish a primary indicator of performance for effectiveness in serving employers. The Departments are piloting three approaches designed to gauge three critical workforce needs of the business community.

APPENDIX Q

- (a) Approach 1 – Retention with the same employer – addresses the programs’ efforts to provide employers with skilled workers;
- (b) Approach 2 – Repeat Business Customers – addresses the programs’ efforts to provide quality engagement and services to employers and sectors and establish productive relationships with employers and sectors over extended periods of time; and
- (c) Approach 3 – Employer Penetration Rate – addresses the programs’ efforts to provide quality engagement and services to all employers and sectors within a State and local economy.

The Department will develop and implement the necessary updates to the state management information system for collecting and reporting the required data as well as develop the rules for provider reporting. Once the updates have been implemented and the procedures developed, training on the policies and procedures for entering adult education and literacy data will be provided to eligible providers. Included in the training will be any Title II performance expectations established by the Department (*state requirement*).
