INDUSTRIAL NEW JOBS TRAINING (260E)

The Industrial New Jobs Training Program provides businesses expanding its Iowa workforce with new employee training funds. Administered by Iowa's 15 community colleges, the program is financed through bonds sold by the colleges. Businesses divert a portion of the payroll taxes paid by employees to the community college, and the college uses those funds to repay the bonds. Employees receive credit for having paid their payroll taxes, and the businesses receive money to train those employees in the skills they need to be successful in the new jobs. Participating businesses can also receive reimbursement for a portion of wages paid to employees for on-the-job training, as well as a corporate tax credit.

- Must pay Iowa withholding tax.
