

TOGETHER WE THRIVE!

Learn about ECI (Employer's Council of Iowa), the wide array of services provided through IowaWORKS and Iowa Workforce Development (including partners), and network with other business and human resource professionals in our area! We will have a panel of representatives on hand to talk about the programs and how we are upskilling Iowans and how these programs can connect them to employment opportunities and businesses.

We are kicking off a new chapter of ECI in northwest Iowa with two introductory sessions!
