LEARN ABOUT JOBS IN YOUR AREA, A USER GUIDE:

Step 1: Go to workforce.iowa.gov/career-explorer

Step 2: Select the location you want your career information to be specific to.

Step 3: *__IF__* you want to limit the jobs available to choose from in the Job List, you can apply any of these 4 filters.

- 🔥 This filter allows you to see only Hot Jobs (high demand & high wage jobs) in the Job List

- 🎓$ This filter will limit the jobs shown in the Job List to only those which would qualify for covered tuition, should you pursue skills for this job at a community college.

- ⚗️ If you're only interested in seeing jobs that are STEM (science, technology, engineering, and mathematics) related, then turn this filter on.

- 👥 Interested in jobs with an associated Registered Apprenticeship? Then turn this filter on.

*BUT, if you want to see a full Job List, then __do not use__ any of these filters.

Step 4: Do you want to limit the Job List based on an education requirement or wage? You can do this through these 2 filters.
