VETERAN PRIORITY OF SERVICE

WWW.IOWAWORKSFORVETERANS.GOV

What is Veterans Priority of Service?

Priority of Service ensures that eligible “Covered Persons” have the privilege of receiving priority over eligible non-covered individuals when it comes to accessing employment, training, and placement services, regardless of other legal provisions.

Covered Persons are prioritized over non-covered individuals in the delivery of services, granting them earlier access to resources and assistance.

Discover more about Priority of Service for Iowa Veterans by visiting your nearby Workforce Center.

UTILIZING “PRIORITY OF SERVICE”

You are a “Covered Person” and entitled to “Priority of Service” in the workforce system if:

Military Service

You served at least one day in the active military, naval or air service, and were discharged or released under conditions other than dishonorable as specified in 38 U.S.C 101 (2) Active service includes full-time Federal service in the National Guard or a Reserve component.

Active Service does not include full-time duty performed strictly for training purposes, nor does it include full-time active duty performed by National Guard personnel mobilized by the State rather than federal authorities.

Spouse

Spouses of Veterans who fall into one of the following categories, can also receive priority of service.

- the spouse of any Veteran who died of a service connected disability,
- the spouse of any Veteran who has a total disability resulting from a service connected disability, as evaluated by the Veterans Administration,
- the spouse of any Veteran who died while a total, service connected disability, as evaluated by the Department of Veteran Affairs, was in existence, or
- the spouse of any member of the armed forces on active duty who, at the time of application, is listed as one or more of the following for at least 90 days:
 - Missing in action,
 - Captured in the line of duty by a hostile force, or
 - Forcibly detained or interned in the line of duty by a foreign government.
